WORK EXPERIENCE

Student Assistant JSOM Online Team May '26 — Present
The University of Texas at Dallas

- Support 4 concurrent live graduate sessions weekly, delivering real-time troubleshooting and stakeholder support in a fast-paced environment while building new support workflows from scratch.
- Standardized compliance and accessibility controls (ADA/WCAG) across PowerPoint, Word, and PDF materials with exacting attention to detail, and built reusable AI-assisted job aids that reduced manual handling.

Graduate Teaching Assistant Aug '25 — May '26
The University of Texas at Dallas

- Maintained data integrity for 200+ students across 4 courses, reconciling performance records to consistent standards while exercising discretion over confidential, FERPA-protected data.
- Processed high volumes of assignments and exams under recurring deadlines with exception-level attention to detail, catching and correcting discrepancies before records were finalized.

Freshman Orientation Leader Jun '25 — Aug '25
The University of Texas at Dallas

- Served as primary point of contact for 600+ students and families, delivering high-touch service across a high-visibility, fast-paced onboarding cycle.
- Coordinated cross-functionally with faculty and staff across live virtual sessions for international and domestic audiences, aligning messaging and resolving stakeholder questions in real time.

Business Analyst Intern Jul '24 — Sep '24
Mentored Minds

- Executed month-end financial reporting, budgeting, and spend analysis using automated Excel dashboards and AI-assisted workflows under tight close timelines.
- Built KPI dashboards tracking performance trends and project-level profitability to improve leadership visibility into operations.
- Delivered forecasting insights, variance analysis, and standardized summaries to support leadership planning and operational decision-making.

International Finance Intern May '24 — Jul '24
EasyShiksha

- Analyzed global markets and FX dynamics, assessing how currency movements and trade finance affect cross-border flows.
- Evaluated FX and currency-risk exposure alongside an analyst team, researching hedging and risk management approaches and their treatment under IFRS reporting standards.
- Synthesized research on global revenue and strategy into concise summaries, applying scenario modeling and financial-planning workflows.

Capital Market Analyst Intern Jan '24 — May '24
Tradeshala

- Analyzed markets and benchmarked 15+ instruments across equities, fixed income, forex, crypto, and commodities, building structured investment theses to inform asset-allocation and tactical positioning recommendations.
- Constructed and backtested multi-asset strategies within risk-return frameworks, running 10+ scenario simulations to stress-test allocations across risk profiles before review.
- Partnered with research and portfolio leads to translate market intelligence into allocation decisions, balancing return against downside risk.

PROJECTS

Chipotle Mexican Grill (CMG) FP&A Model, Variance & Power BI Dashboard

- Built a driver-based, self-balancing three-statement (IS/BS/CF) FP&A model in Excel from Chipotle's FY2025 10-K, forecasting revenue 2023A–2027E bottoms-up from restaurant units and AUV with a Base/Bull/Bear scenario engine that re-runs every driver.
- Conducted FY2025 budget-vs-actual variance analysis, isolating a ~$1.05B (−8.1%) revenue miss as 100% rate-driven via a volume/rate bridge; packaged findings in a written FP&A memo and a Power BI dashboard with 8 DAX measures.

DFW Rental Underwriting Model Screen, 10-Year Pro Forma & Sensitivity Analysis

- Automated Zillow (ZHVI/ZORI) data ETL in Power Query and screened 216 DFW ZIP submarkets on gross yield and 3-year rent CAGR, selecting the top risk-adjusted market (76110 Fort Worth) over higher-yield distressed submarkets—a private market diligence exercise.
- Built a 10-year levered pro forma with a 360-month amortization schedule, cap-rate exit, two sensitivity tables, and a breakeven solve computing cap rate, DSCR, cash-on-cash, equity multiple, and levered/unlevered IRR concluding a disciplined pass at 7% (1.1% levered vs. 5.0% unlevered IRR; DSCR 0.71–0.93).
